

NORDISK MICROFIBER

We make it easy to buy and use professional cleaning articles

PVA STAR Microfiber cloth 38x35cm, blue, red, green, yellow

PVA-3538-B,G,GU,R

38×35 cm microfiber cloth treated with PVA technology, enhancing absorption capacity and cleaning efficiency

Product information

The PVA STAR microfiber cloth is developed for professional cleaning tasks where performance and efficiency are essential. The cloth combines advanced microfiber with chemical PVA treatment, providing superior absorption capacity and ensuring streak-free results even on demanding surfaces.

The unique 3D surface structure enhances dirt and moisture pickup, reducing the need for repeated wiping and improving overall cleaning efficiency. The cloth is durable and suitable for repeated washing, making it a reliable and cost-effective solution for professional use.

Washing and maintenance

To maintain optimal performance and longevity:

- Wash at max. 60°C
- Wash with similar colors
- Use standard detergent
- Do not use fabric softener, as it reduces absorption performance
- Do not bleach
- Tumble dry at low temperature

Disposal: To be disposed of with waste disposal.

Nordic Swan Ecolabel
-

Material
Microfiber with chemical PVA treatment.

Colour
Blue, red, green, yellow

Max washing temperature
60 degrees

Measurement
38x35 cm

Weight
260 gsm
