Hygiene Ergo Globe Inventory Telescopic Handle 67,5-109 cm

48009

Hygiene Ergo Globe inventory telescopic handle, 67.5–109 cm. Can be leaned against the wall without tipping over.

Product Information

One-piece telescopic handle with fixed knob – ergonomic and hygienic design

This one-piece telescopic handle is developed with a focus on ergonomics, functionality, and a high hygiene standard. The fixed knob and integrated collar ensure a comfortable grip and optimal working posture. The handle grip features non-slip ridges/edges that prevent it from slipping in the hand.

The handle is made without joints, making it particularly easy to clean and disinfect. This makes it ideal for use in environments with strict hygiene requirements – such as hospitals, laboratories, and other healthcare facilities.

The handle is available with color coding in up to five colors.

Particularly suitable for hospitals and sterile environments.

Cleaning and maintenance

Wipe with a damp cloth. Easy to clean and disinfect.

Disposal

We recommend disposal at a recycling station for material recovery.

Material

Hard plastic/aluminum

Colour

Black/alu
