Marine Eco Filter

V-5560-H

55x60 cm special designed washing net with filter. The net collects fiber remains and microplastics during machine washing. . Prevents microplastic pollution in water environments.

Product information

Marine Eco Filter – specially designed washing net with filter. The net collects fiber remains and microplastics during machine washing. The filter is so tightly that it keeps textile remains as small as microplastics. The fibers remain in the net and are easy to remove and throw away correctly after washing. Reduces release of microplastics. Reduces wear and tear on textiles with up to 70%. Enhances the sustainability because it extends products' service life.

Washing and maintenance

- Do not use strong alkaline detergents (≤ 12)
- Use regular detergent (Ph<10,5) – dose 1/3 of recommended dosage
- Do not use fabric softener, chlorine or bleach
- Use the damp dry setting when using a dryer or set it to cupboard dry, max 60 degrees

Disposal: We recommend disposal at recycling centre.

Material
100% polyester

Colour
White

Max washing temperature
90 degrees

Number of washing
500

Measurement
55x60 cm

Weight
145 g

Guarantee
3 years

Number per package
10 pcs.

Number per parcel
100 pcs.

Produktions ISO
14001 & 9001
